Medical Educator

Issued September 24, 2026 · Verification code OV26-03T7-P94 · Module v4.0.0

This certificate attests knowledge and clinical reasoning demonstrated by written assessment in a self-paced module. It does not attest bedside competence in bag-mask ventilation, non-invasive support, airway management or mechanical ventilation, confers no licence or clinical privilege, and is not a substitute for supervised, hands-on training. It confers no provider status in any named course and is not endorsed by WHO, AHA or AAP. No CME credit unless separately accredited. The verification code is deterministically re-derivable from the displayed figures — it is not tamper-proof.
